YAWARE AFFILIATE  
PROGRAM ◀

# ▲ WHAT IS YAWARE AFFILIATE PROGRAM?

Yaware partners are companies that implement technical solutions in Ukraine and in the world. We offer a choice of 1 of 7 types of partnership and a reward of 20% to 50% for the payment of every client.

## ▶ WHAT REWARD DO OUR PARTNERS RECEIVE?

Receive up to 50% reward for sales to the first 10 new customers.

For example, your earning:

**(15 clients \* 50 subscriptions \* 8 USD) \* 50% = 3000 USD**

**(2 clients \* 15 subscriptions \* 8 USD) \* 35% = 84 USD**

## ► **WHY SHOULD YOU BE OUR PARTNER?**

1. You're sure that technical software solutions help companies to be competitive in the international market
2. You are looking for a transparent system of partner rewards, and this is exactly what we have created
3. The partnership will help you expand the company's services and receive additional financial income.

## HOW DO WE SUPPORT OUR PARTNERS?

- You have a package of training materials from our sales managers, banners and letters for promotion.
- We help present the program to your customers when needed.
- You can work independently with clients, or entrust communication to us, without loss of personal reward.

## ▼ WHAT IS YAWARE TIMETRACKER?

The software, that helps businesses to be more efficient!

1. With the help of a time tracker, companies can objectively evaluate the work of an employee, as well as find factors that negatively affect work productivity.
2. Instead of long routine work on accounting for working hours, companies quickly and easily receive reports and timesheets
3. We have integrated the CRM system into the time tracker, so managers in one program monitor the degree of readiness of the project, the time spent on its implementation and budget.
4. In the reports, managers will notice overtime of employees in time and will be able to prevent them from burning out. Also, they will see who is a colleague already looking for a new job.
